HOW DOES IT WORK?

Getting started...

CUSTOMIZE

Update the platform's interface and settings to match your brand and business structure. Manage your students, staff and other stakeholder groups – from choosing how to get them onboard to defining their unique user journeys. Control it all from your Admin Dashboard.

Delivering experiences...

CREATE

Distribute important news and information, run engaging online courses and programmes, manage teams and collaborative projects, gather feedback, facilitate certified assessment, and build community with recognition through rewards... The Obami platform is simple to use with no coding skills required.

Leveraging digital...

CAPITALIZE

Take your content experiences to the next level with advanced platform features – from built-in analytics that generate data for better decision-making, to digital storefronts and payment gateways that help commercialize your offerings. Obami will help your business grow.

PRICING MADE SIMPLE

With platform license fees starting at just $3 per user per month, and our content services being competitively priced as well, Obami is an affordable option for any education business.
